The main objectives of the meetings are to present concrete projects and initiatives that have been carried out aiming at implementing the action lines, to initiate joint ventures between stakeholders, and to determine parameters for organizing the team work.

An online registration for these consultation meetings as well as other events organized in Geneva between 14 and 25 May is available at <http://www.itu.int/cgi-bin/htsh/edrs/ITU-SG/edrs15/edrs.registration.form>.

In order to stimulate the discussion, have a clearer idea of the different points to the agenda prior to the meeting and to provide a forum to discuss projects and initiatives to be presented during the meeting, we have established a forum at <http://www.unesco.org/cgi-in/webworld/portalsforum/gforum.cgi>.

I look forward to your participation in the events in Geneva.

Yours sincerely,
